Board of County Commissioners,

Upon inspection of the 12-month ballot bid proposals received by Payne County, I recommend to the BOCC that Mid-West Printing Company be awarded the 12-month bid for the Payne County Election Board.

Our county has a longstanding excellent working relationship with Mid-West Printing and this vendor has never missed a deadline, has continuously provided an above standard product, has always met specs and their bid prices were lower than the other bid received.

Respectfully,

Dondee Klein

Election Board Secretary
